CARRYALL® 300 AMBULANCE

DELIVERS RELIABLE, AFFORDABLE EMERGENCY RESPONSE When medical emergencies strike, campuses, resorts and other sites must be prepared to respond. That calls for a reliable vehicle like Club Car's new Carryall 300 Ambulance.

This reasonably priced vehicle comes with a bundle of accessories based on buying patterns of customers who bought vehicles for emergency response applications.

A FULLY EQUIPPED, COST-EFFECTIVE SOLUTION

The Carryall 300 Ambulance seats a driver and a medical attendant. It provides everything you'll need to quickly evacuate patients from your site, including:

- A** Custom ambulance deck weldment with:
 - 1** Medical attendant seat
 - 2** Locking storage box for medical equipment
 - 3** Fold-down rails for patient area
 - 4** Hand-carry stretcher
- B** Star of Life decal
- C** Halogen headlights
- D** Tail lights, brake lights and horn
- E** Locking glove box to store valuables
- F** Differential guard

- G** Reflector package
- H** USB ports to charge electronics
- I** Rear fender guard

For Electric Vehicles:

- J** Heavy-duty battery system
- K** Single-point watering system for easy battery maintenance

For other configurations, ask your local Authorized Club Car Dealer about our custom Solutions Department.

RELIABLE, POWERFUL AND DURABLE The vehicle is made by Club Car, the world's largest manufacturer of small, four-wheel electric vehicles. It is built on the proven Carryall 300 work utility vehicle platform.

The gasoline model is powered by a 14-hp-rated, single-cylinder

Carryall 300 Ambulance shown with optional accessories including light bar, canopy, fold-down windshield and wheel covers.

overhead cam engine with electronic fuel injection that delivers excellent fuel economy and better hill-climbing ability than any vehicle in its class.

The electric model is powered by a 48-volt system and 250-amp DC motor controller with controlled downhill ability, zero-speed detect to prevent roll away, regenerative braking, hand-held speed programmability and diagnostic capabilities.

Purpose-built for work from the ground up, the ambulance is centered on a rust-proof corrosion-resistant aluminum frame for added durability and longer life.

It comes standard with a white body and white seats. Optional colors are available, but may increase lead time.
