

CUSTOM ACCESSORIES
FOR CLUB CAR®

PUT THE “PERSONAL” IN PERSONAL TRANSPORTATION

Developed for travel wherever personal transportation vehicles are allowed and built to automotive safety standards, the Onward™ from Club Car® features an extensive collection of integrated custom accessories.

While much of what you need comes standard on the Onward, like LED headlights and a dual USB port, virtually every other design detail is up to you. Just follow these steps to build one that matches your lifestyle, and you'll end up with a ride that's made for you—but fun for everyone.

Many of our custom accessories also fit other Club Car vehicles. See a dealership salesperson for assistance.
