

WHEELS, TIRES & LIFT KIT FOR CLUB CAR®

RE-TIRE IN STYLE & COMFORT

Add polish and performance to your electric Precedent® golf car or electric Onward™ personal transportation vehicle with Club Car®'s new wheels, tires, and four-inch lift kits.

MADE FOR CLUB CAR

Unlike competing products, our affordably priced tire options are made for Club Car by Kenda™ under the names Kraken, Loadstar, and C254. All are tested to meet Club Car's rigorous quality standards, because we know you're carrying precious cargo.

PATENT-PENDING DESIGN

Developed with a patent-pending tread pattern that increases off-road grip and reduces noise on the street, the Kraken tires pair perfectly with Club Car's Precedent and Onward electric four-inch lift kit.

DOT APPROVED

Kenda's Loadstar tires for Precedent and Onward are DOT approved and available in 205/55-10 size to provide the highest possible ground clearance without a lift kit.

TWO EDGY STYLES

Finish the look of your tires with Atlas or Mercury gloss-black wheels with machined accents, chrome center caps, and four-bolt hole patterns. Wheels are available in 10-, 12-, and 14-inch sizes.

IMPROVE TIRE PERFORMANCE & LIFESPAN

- Kenda™ tires are made with premium compounds to improve **DURABILITY** and **TREAD LIFE**.
- Our tires meet or exceed Club Car® standards for stability and reliability while delivering a **COMFORTABLE RIDE**.
- Club Car tires are ozone tested and **RESISTANT TO WEATHER ROT**.

PART # LIFT KIT

AM15009001	4-inch Suspension Lift Kit for Electric Precedent®
47562652001	Driver-Side Brake Cable for Lifted Electric Precedent

CLUB CAR®'S FOUR-INCH LIFT KIT

Greater ground clearance. Bolder styling.

Get both from the only four-inch lift kit designed and approved specifically for the electric Precedent® golf car and the electric Onward™.

THE KIT:

- Is tested by Club Car for durability.
- Features improved hardware and components, A-arms, and control arm mounts.
- Has a wider track width and longer wheelbase than competitive models.
- Accommodates tires up to 23 inches.
- Offers superior handling compared to the market-leading six-inch lift kit, when evaluated using SAE test methods.

Club Car vehicles and accessories are sold through Authorized Club Car Dealers.
